# Shrimp Class

We are opening a class for young children, ages 2–3. The goal of this class will be for the children to become comfortable with the English language, learn basic life skills, and get prepared for preschool. The kids' day will be filled with singing, dancing, and playing. Through illustrations, songs, and rhymes, they will discover colors, shapes, and basic vocabulary. There will be 5–8 kids and two teachers in the classroom. The Lead Teacher will create and teach the instructional materials while the Teaching Fellow will assist the Lead Teacher and the students in their learning. Despite the fact that this class will be taught entirely in English, a teacher who speaks Czech will also be present to ensure that the needs of the students are fully met.

Attendance can be requested for either two days or three days. For those attending three days, it will be Monday, Wednesday, and Friday. For those attending two days, it will be Tuesday and Thursday. In individual cases, it is possible to set daily attendance.
